

At the office or at home, whenever you are sitting

Keep active, keep healthy!

with the AFS-TEX Dynamic Jump Footpad

the whole day your energy will be low but the AFS-TEX Dynamic Jump Footpad will help you to stay active!

Prevents muscle atrophy by the more constant vibration of the lower extremities

Keeps your muscles active without increasing the metabolic rate

Improves circulation and stimulates a natural rhythm in the feet

Keeps your feet warm and stimulates circulation in the feet

Keeps your feet healthy and stimulates circulation in the feet

Keeps your feet active and stimulates circulation in the feet

While working or sitting
Keep moving & stimulated
with the AFS-TEX Dynamic

Reduce tension in the neck and shoulders, stimulate blood circulation, improve posture, and reduce stress. The AFS-TEX Dynamic Jump Footpad is designed to help you stay active and healthy while sitting at a desk. It provides a natural rhythm in the feet, which helps to improve circulation and keep your feet warm. The AFS-TEX Dynamic Jump Footpad is also designed to help you stay active and healthy while sitting at a desk.

Anti-fatigue for body and mind
